# CargoSprint

SprintPay

Simplify payments with the CargoWise integration

Seamlessly streamline your payable processes while enhancing control and visibility*

*Available CargoWise integration is independent of endorsement

Key benefits for freight forwarders:

Enhanced efficiency
Automate repetitive tasks, freeing up time to focus on strategic priorities

Improved accuracy
Reduce human error by eliminating manual data entry during the payment process

Operational time savings
Cut down hours spent reconciling payments and managing workflows

Faster payments
Simplify workflows, ensuring quick and consistent vendor payments

Improved visibility
Gain a real-time view of payment activities within your CargoWise environment

Enhanced governance
Simplify audit trails and compliance checks with comprehensive documentation

How it works:

CargoWise shipment ID entry
Enter your CargoWise shipment ID directly into SprintPay for instant connectivity

Payment automation
Accelerate the payment process with prefilled charge details, reducing errors and saving time

Automatic data retrieval
Instantly recall vendor, amount, fee type, and invoice number to eliminate manual inputs

Reconciliation made easy
Return all payment details back to CargoWise for simplified reconciliation and AR matching
